### Tweeter

June 2020

A full-stack, responsive and user-friendly, single-page Twitter clone.

**Stack:** HTML, NodeJS, Express, MongoDB, CSS, Sass, jQuery, AJAX

### TinyApp

June 2020

A full-stack, RESTful url shortening application (à la bit.ly).

**Stack:** HTML, NodeJS, Express with Cookie-Session, Bcrypt, Bootstrap

## ► EMPLOYMENT

### Lighthouse Labs

Sept. 2020 – Current

#### Apprentice Mentor

- Provide remote guidance to students on JavaScript, HTML and CSS by handling assistance requests with 1-on-1 mentoring video calls.
- Help guide new students debug problematic code and work with utmost patience to bring clarity to difficult coding challenges.
- Hand selected by Lighthouse Labs as a recent graduate to return as a mentor demonstrating LHL's recognition in my sharp aptitude and keen sense of coding fundamentals.

### Sea Shepherd Conservation Society

Aug. 2016 – Aug. 2019

#### Chief Cook

- Sea Shepherd is a distinguished NGO shaping the future of marine conservation globally.
- Originally hired as chief cook aboard one of the organizations' largest ships, I was quickly recognized for my dedication and enthusiastic work ethic and built a portfolio working within every department ranging from navigation, firefighting, engineering and media.

#### Ship's Manager

- Elected as the overseeing manager of one of Sea Shepherd's flagship vessels over the summer of 2018.
- Coordinated donations, accounting, ship tours, training, new crew induction, policy and procedure handovers, safety protocol and worked closely with the board of trustees to handle media and ship modifications in preparation for campaign.

### Spectrum Resource Group Inc.

Apr. 2014 – Apr. 2018

#### Head Chef

- Responsible for all budgeting; coordinating all orders with suppliers; logistical transport of supplies; interviewing, hiring and management of kitchen team; building and submitting all reports and accounting documents; pre-season training and planning for entire company including rewriting manual and standards for all new hires and recruits.
- Role demanded a high-level of communication, time-management, planning, ambition and self-motivation.

### Emirates Insurance Company

Feb. 2011 – July 2011

#### Executive Assistant (CFO)

- Worked closely with the Chief Financial Officer and senior-level management by coordinating all meetings and filling the role as first contact for all finance-related business. Extremely task efficient and timely - adopted projects from other departments within the company in spare time.
- At the end of my 6-month temporary contract with EIC, I was offered a threefold increase in salary to stay, which showcased my value to the company and my natural abilities in administration, assistance and efficiency.
